

SAN ROMAN

D.O. Toro

WINERY

The average age of our vineyards is 35 years old, some of our oldest vines were planted ungrafted because this area was not affected by phylloxera. The soils are loose, stony or sandy depending on the areas as with clay subsoil where the plant can obtain water in times of drought. The varieties and plots are vinified separately to respect the characteristics of the different vineyards. Our wines are structured and elegant, balanced, with refined tannins and deep minerality.

Wine Spectator

TASTING NOTE

The polished texture masks depth and muscle in this powerful red, which shows blackberry, anise, tar and mineral flavors, with spicy and floral highlights. Firm tannins and fresh acidity lend good balance. Expressive, in an austere way.
