

TABERNER N°1

D.O. Vino de la Tierra de Cádiz

WINERY

In the winery our facilities are a mixture of modern and traditional, combining new technologies and state-of-the-art production means with purely artisanal wine-making techniques. The gravitationally fed winery houses two rooms: The first for the production of Taberner and Barbazul, the second for Taberner No.1. One holds stainless steel, temperature controlled, fermentation tanks, the other, Allier oak fermentation vats.

TASTING NOTE

Aromas of earthy, nutty, mature berry fruits come with a hint of raisin and a touch of compost. This saturated Vino de Cádiz is composed of 80% Syrah, with Merlot and Cabernet Sauvignon. It's a heavy wine with flavors of vanilla, burnt wood, blackened spices and stewed berries. The finish tastes peppery, dark and outright woody.
