

SEÑORIO DE SARRIA RESERVA

D.O. Navarra

WINERY

Although the winery was founded in 1953, history shows that this land has been used for cultivating vines for many centuries. There is a close link between the history of Navarra and the history of the Señorío, as one of the lords of Sarriá, Juan de Azpilicueta, covered the expenses of the studies of his brother, St. Francisco Javier, patron saint of Navarra, with the income obtained from the exploitation of these lands.
