

ALTITUDES IXSIR

Batroun District

WINERY

The name IXSIR derives from “Iksir”, the original Arabic word for “Elixir”, a word common to many languages, defining the purest form of all substances, a secret potion that grants eternal youth and love. The vision behind IXSIR is to reveal the best terroirs of Lebanon, some forgotten long since. Cultivated with respect to sustainable agriculture, IXSIR’s vineyards are spread in the mountains of Lebanon on clay-calcareous and limestone soil, from Batroun to Jezzine, benefiting from the unique microclimates Lebanon has to offer. IXSIR’s vineyards culminate at an altitude of 1,800m, making them the highest in the Northern Hemisphere.
