

MAS DE LEDA

D.O. VT Castilla-León

WINERY

Bodegas Leda makes fine, multi-terroir wines with Tempranillo grapes grown on very old vines. Exclusive plots in the winegrowing area of the Duero valley were carefully selected, one by one, in order to bring this project to life. Production is limited to 80,000 bottles. Leda wines are traditional, expressive and harmonious, a clear reflection of the richness and heterogeneity of their origins.

The wines at Leda are crafted by a technical team of winemakers including Juan Glaría, Group Technical Director and enologist at Bodegas Pagos de Araiz, Mathieu Barrault enologist at Bodegas Murua, and Cesar Colás, enologist at the Leda winery.
