

# PISCO QUEIROLO QUEBRANTA

## Cañete - Ica Valley, Peru

### WINERY

---

Our Cañete vineyards are located on the desert coast of Peru alongside the Cañete River, 3.5 km from the coastline. The soil consists of sandy loam and alluvial subsoil with gravel. The climate is desert, seashore weather with sunny summers tempered by the proximity of the sea. Sea breezes provide mineral notes and complexity to our wines. We use gravity irrigation and harvest is done by hand.

Name:	Pisco Queirolo Quebranta
Region:	Cañete - Ica, Peru
Grape Varieties:	Quebranta
Case / Bottle Size:	12/750 ml.
Alcohol Volume:	42%

### TASTING NOTE

---

Smooth entry, hot, with olive bread and fruit flavors (plum, grape) and white pepper. Good concentration and balance. Slightly waxy, oily texture. Clean, dry finish with a delicate salty aftertaste of green olive and spices.
