

PISCO QUEIROLO ACHOLADO

Cañete - Ica Valley, Peru

WINERY

Our Cañete vineyards are located on the desert coast of Peru alongside the Cañete River, 3.5 km from the coastline. The soil consists of sandy loam and alluvial subsoil with gravel. The climate is desert, seashore weather with sunny summers tempered by the proximity of the sea. Sea breezes provide mineral notes and complexity to our wines. We use gravity irrigation and harvest is done by hand.

Name:	Pisco Queirolo Acholado
Region:	Cañete - Ica, Peru
Grape Varieties:	Italia, Quebranta, Negra Criolla y Muscatel
Case / Bottle Size:	12/750 ml.
Alcohol Volume:	42%

TASTING NOTE

Clean and transparent with silver highlights. Expressive aromas of white flowers, figs and prunes. Pleasant and friendly with a complex aftertaste. Serve slightly chilled or in cocktails.
