

# POGGIARELLINO

## D.O.C.G. Brunello Di Montalcino

### WINERY

---

Our cellar is divided in two parts: one dedicated to the vinification and the other one dedicated to the wine ageing: both are located in the central and original nucleus of the villa. The bottles are stored in a third area, that can assure the best conditions of temperature and light/darkness for the correct maintenance of the wines.

### TASTING NOTE

---

A nice surprise. Great density and richness with layers of dark fruit and spice. Thick concentration and a bold, confident presentation. Plush texture, length and density.
