

CADIS AMARONE DELLA VALPOLICELLA

DOCG Amarone della Valpolicella

WINERY

This wine is made from grapes harvested in various vineyards located on hills in the Valpolicella zone (Mezzane and Tregnago hills). Different sources and different grape varieties are important to obtain well-balanced wines with the fine structure that only a few single areas in the Valpolicella zone can provide.

TASTING NOTE

Very deep purple black-red. Fresh, intense, bittersweet cherry fruits singing out of the glass with great force and limpidity: pristine and beguiling. On the palate, this is deep, long, resonant and very true to its origins; the appassimento has served to reinforce rather than obscure the fruit or take it on a strange or unpredictable diversion. Splendidly fresh Amarone of almost primary charms.
